

1. Introduction

2. Literature Survey

3. Research Approach

4. A Methodology for SCS

4.1 Technical Management

4.2 Hardware Development

4.3 Software Development

4.4 Methodology Tailoring

5. Case Studies

6. Conclusion

Objective 1: Data gathering

Objective 2: Shortcoming
identification

Objective 3: Methodology
Synthesis

Technical Management

System Design & Realisation

Systems Engineering Partition

Objective 4: Methodology
Validation

feedback/
validation
